

SCIENCE To Be Determined

Why we do what we do and how we can do it better

We warmly invite you to our two-day symposium, hosted at iDiv. To provide an opportunity for a critical reflection and honest discussion on integrity, communication and many more topics that affect our scientific work and find out what responsible and good scientific practice actually means!

Location:

iDiv, Puschstr. 4, 04103 Leipzig

Keynotes

- **Wolfgang Forstmeier**
From Crisis to Resolution Using Preregistration, Multiverse Analysis, and Directed Acyclic Graphs
- **Alice Hughes**
Making Impact in an Age of Metrics
- **Ulrich Dirnagl**
The Hidden Architecture of Waste in Research: A Tour Through Biomedicine
- **Dietram Scheufele**
Communicating Science in Polarized, Algorithmically Curated Information Environments

Workshops (Selection)

- Reproducible workflows
- How to use generative artificial intelligence for science
- Conflicts management
- Better meta-analyses
- When and how are researchers assessed?
- Never have I ever ... questioned the norms that shape scientific practice

Registration

26 January – 15 February 2026
